## Snap Bag Grading Rubric

Grade yourself on the skills listed below. (0 being the lowest, and 5 or 10 being the highest.) Once you have graded yourself in each area, pin your grading sheet to your project and turn it in to be graded.

	<u>Requirements</u>	<u>Student Grade</u>	<u>Teacher Grade</u>
1.	<p><b><u>Cutting Out the Pattern Pieces and Following Pattern Markings</u></b> All pattern pieces were cut out correctly according to the grainline and pattern direction. All markings were transferred to the appropriate place on the fabric and washed out after the project was complete if necessary.</p>	0 1 2 3 4 5	0 1 2 3 4 5
2.	<p><b><u>5/8" Seam Allowance and Backstitching</u></b> The pouch was sewn using a 5/8" seam allowance. The stitching is straight and even. The backstitching is secure. The pouch is sewn with the fabric right sides together.</p>	0 1 2 3 4 5	0 1 2 3 4 5
3.	<p><b><u>Serging</u></b> The seam allowance of the pouch has been correctly serged. The serging is straight and even. The serging does not go over the straight stitching on the pouch. The serging thread tails have been trimmed away.</p>	0 1 2 3 4 5	0 1 2 3 4 5
4.	<p><b><u>Clipped Corners</u></b> The corners of the pouch have been clipped to reduce bulk. The clipping does not go through the straight stitching and there are no holes in the corners.</p>	0 1 2 3 4 5	0 1 2 3 4 5
5.	<p><b><u>Pressing and Topstitching</u></b> The pouch has been turned right side out. The corners have been pushed into sharp points. There are no holes in the corners. The opening between the markings has been folded in and is straight and even. The seams have been pressed flat and even along the outer edges of the pouch. The topstitching is done using a 1/4" seam allowance. The stitching is straight and even along the bottom edge and around each edge of the pouch. The stitching was correctly pivoted at each corner. The stitching is secured with backstitching.</p>	0 1 2 3 4 5	0 1 2 3 4 5
6.	<p><b><u>Snap Closure</u></b> The snap closure has been correctly attached to the flap of the bag. It is centered on the flap and attached securely. The other half of the snap has been correctly attached to the pouch part of the bag. It does not go through all layers of the bag causing the pouch to be permanently closed. The snap is centered on the pouch part of the bag and attached securely.</p>	0 1 2 3 4 5	0 1 2 3 4 5
7.	<p><b><u>Neatness/Organization</u></b> All threads clipped, project has been pressed, seam lines are sewn straight, instructions were followed, backstitching where appropriate, transfer markings were removed from fabric, etc.</p>	0 1 2 3 4 5	0 1 2 3 4 5
